

I-937 Timeline for Reporting Achievements on Renewable Energy Standards to CTED

7/17/07

Just for guidance – to chart language in rules

1/1/12	6/12	1/13	6/13	1/14	6/14
Utility has contracts for power +/- or RECs by 1/1 for electricity produced any time during 2012 or for RECs produced in 2011, 2012, or 2013	<p>Statute mandated report to CTED.</p> <p>Includes:</p> <p>A. average retail load for 2010 + 2011;</p> <p>B. Annual RPS target;</p> <p>C. Statement of contracts/ownership by facility and MWHs (power or RECs)</p> <p>D. Application of estimated multipliers (DG, etc.)</p> <p>E. Alternatively, submit data to indicate contracts intended to meet financial compliance path.</p>	Repeat 1/12, except that: RECs can be for 2012, 2013, or 2014; or eligible renewable power produced 2013.	<p>Reporting is the same as 6/12 except:</p> <p>Take average retail load for 2011 and 2012.</p>	Repeat 1/12, except that: RECs can be for 2013, 2014, or 2015; or eligible renewable power produced 2014.	<p>Repeat reporting needs from other June reports. Add the following:</p> <p>Documentation of actual acquisitions or ownership of resources that met complete 2012 standard.</p> <p>(Alternatively, report data that indicates financial path targets were met.)</p>
