

2008 LIFT Awards

City of Mount Vernon	\$500,000	The Downtown Mount Vernon Revenue Development Area was competitively selected by CERB to receive \$500,000 per year for 25 years. Mount Vernon's project includes the construction of a waterfront promenade, urban trail, and other park facilities, structured parking in the downtown, and various street improvements. It is estimated that these improvements will lead to the creation of 2,500 jobs.
City of Puyallup	\$1 million	The Puyallup Revenue Development Area was competitively selected by CERB to receive \$1 million per year for up to 25 years. Puyallup plans to redevelop several city-owned parcels in the downtown area into structured parking with mixed-use development, including provisions for pedestrian, parks, trail, stormwater, and telecommunications improvements in the South Hill area. It is estimated that these, along with other non-LIFT financed improvements, will generate 8,600 jobs.
City of Yakima	\$1 million	The Yakima Revenue Development Area (RDA) was competitively selected by CERB to receive \$1 million per year for up to 25 years. Yakima's improvements within the RDA will include improvements to the "H" Street and I-82 interchange, Loop Road improvements, and a Martin Luther King and 10 th Street extension and roundabout. It is estimated that these improvements will generate 4,600 jobs.
