

LOCAL GOVERNMENTS SERVED BY THE STATE CDBG PROGRAM (in yellow)

This map and the following lists show those local governments ineligible for state CDBG funds because they are “entitled” to receive CDBG funds directly from HUD, and those local governments eligible for state CDBG funds but “non-entitled” to receive CDBG funds directly from HUD. The entitlement status is based on population and HUD qualification. This map can be a useful reference, but a complete list of those local governments served by the state CDBG program is on the next two pages.
