

Resource Plan

For

Skamania PUD

August 22nd, 2008

Skamania PUD currently purchases all of our energy needs from BPA through a Full Requirements Contract that expires on September 30th, 2011.

In calendar year 2007, Skamania PUD purchased 15.7 aMW from BPA under the above referenced contract.

Skamania PUD is currently negotiating a new Long-Term Load Following Contract with BPA and expects to sign this contract in November, 2008. This contract will provide our Tier I power needs, currently estimated to be 16.0 aMW in calendar year 2013.

Skamania PUD estimates our Tier II power needs in calendar year 2013 will be 0.6 aMW. Skamania PUD expects to sign a 20-year contract with BPA for our Tier II needs as well.

For calendar year 2018 Skamania PUD estimates our power needs to be 16.0 aMW of Tier I and 3.9 aMW of Tier II.
