2013 Washington State Capacity Building Opportunity
The Art & Science of Community Organizing Training

TRAINING GOALS

✓ Clarify essential community organizing attitudes, knowledge, skills, strategies, and effective practice to promote healthy individuals and families, and safe communities.
✓ Model a learning process consistent with core values and effective practices community organizers use to join, engage and support community members and coalitions.
✓ Showcase resources community organizers can use to strengthen their facilitation of coalition development and reach the community’s vulnerable populations.
