

Budget Activity: EFSEC A154 - Siting and Monitoring

Purpose: Ensure that approved energy facilities meet the requirements and conditions of the Site Certification Agreements

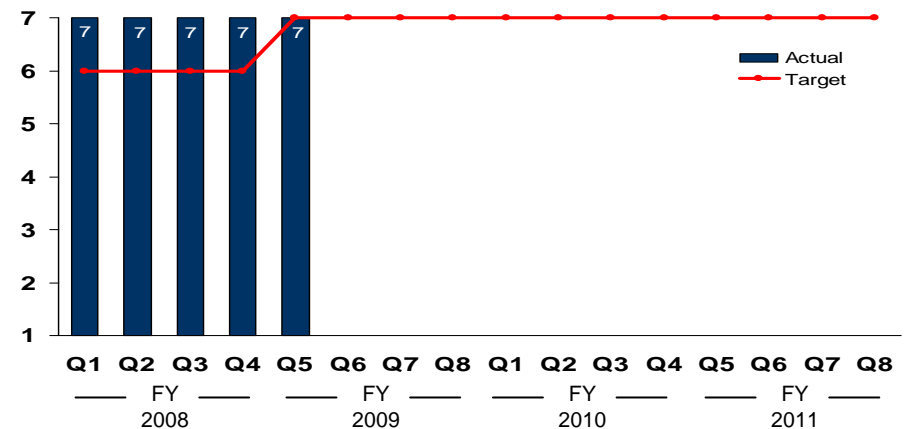

Agency Goal: Build livable, vibrant communities that meet the economic, environmental, and social needs of citizens

Priority of Government: Improve the quality of Washington's natural resources

Analysis:

- The seven projects monitored by EFSEC continue to meet at least 95% of the conditions in their Site Certification Agreements.

F002 - Number of approved facilities meeting 95% of the Site Certification Agreement requirements (outcome)

Action Plan

Who

Timeframe

Develop Site Certification Agreement compliance checklists to measure each of the 15 to 20+ specific conditions for each of the seven energy projects monitored.

Steven Posner

Currently being developed, completed by January 2009

Add a new Performance Measure that shows % of Site Certification Agreement Conditions (from all projects) being met. Outcome target of 98%.

Allen Fiksdal

April 2009

How target was set:
