This meeting is open to all stakeholders interested in the rulemaking process affecting alternative fuel and vehicle use by local governments. This meeting will consider the structure and content of the final rule impacting use of alternative fuels by local governments in Washington. Topics will likely include all the criteria to be considered in determining practicability.

*The State Energy Office at the Department of Commerce, as directed by the legislature, is conducting a rulemaking process to address the use of alternative fuels and vehicles by local governments. This process, pursuant to RCW [43.325.080\(2\)](#), states in part: “...the department shall adopt rules to define practicability and clarify how local government subdivisions will be evaluated in determining whether they have met the goals set out in RCW [43.19.648\(2\)](#).”*
