# Executive Summary

## Overview

This annual report on Washington State homeless grant programs provides information on the state's efforts to reduce homelessness for Calendar Year 2014, and State Fiscal Year 2015, depending on legislative requirement and availability of data. This document fulfills reporting requirements under the 2006 Homelessness Housing and Assistance Act ([RCW 43.185C](#)) regarding the use of state and local document recording fees, the Consolidated Homeless Grant, the Independent Youth Housing program, and the Housing and Essential Needs program.

## Homelessness Housing Highlights for 2015

In recent years, housing price increases and wage declines for the lowest incomes both nationally and in Washington State threaten the gains made since 2006 in reducing homelessness.<sup>1</sup> The Interagency Council on Homelessness is tasked with taking a renewed look at existing state systems and policies, to identify potential improvements that will help hold the gains and further reduce homelessness.

Many new promising initiatives and strategies are employed at every level of government and by nonprofits across Washington State. Commerce's most significant efforts are highlighted below.

### Interagency Council on Homelessness to Develop Strategies to Reduce Homelessness

At the Governor's direction, the Interagency Council on Homelessness convened a series of meetings to develop strategies to reduce homelessness for clients who have accessed public services. The joint Statewide Advisory Council on Homelessness/Interagency Council on Homelessness group has met multiple times and will provide recommendations to the Governor's Office by January 2016.

### Updated Plan to Reduce Homelessness

The 2006 Homelessness Housing and Assistance Act directed Commerce and local governments to create and update a plan to reduce homelessness in Washington. The 2014 plan is still underway, addressing the current demand for homeless housing in Washington. The 2014 Commerce Homelessness in Washington Report can be found at:

<http://www.commerce.wa.gov/Documents/Commerce-Homelessness-in-Washington-2014.pdf>.

## **Creation of the Office of Homeless Youth Prevention and Protection Programs**

Governor Inslee led the creation of the Office of Homeless Youth Prevention and Protection Programs to address a key population facing homelessness ([SSSB 5404](#)). The new director of the office began in early November, and an advisory committee is forming to develop recommendations. More information regarding the office can be found later in this report.

## **Expanded Flexibility for Homeless Programs**

In consultation with the Governor's Office, Commerce is expanding eligible uses of state funding for homeless programs to include diversion and permanent supportive housing in contracts beginning January 1, 2016.

## **Medicaid Waiver Application to Fund Services for Disabled People Who are Homeless**

The Health Care Authority, Department of Social and Health Services, and Commerce requested a waiver from the federal government to allow the use of Medicaid funding for services tied to housing for disabled people who are homeless. The five-year waiver includes a rigorous research component to demonstrate the hypothesis that the spending on services needed to keep people housed directly leads to lower spending of federal and state Medicaid funding.

## **Workforce Innovation and Opportunity Act Funding for Homeless Youth**

The Governor's Office designated a portion of flexible federal Workforce Innovation and Opportunity Act funding for homeless youth, to help give them the job skills needed to obtain employment and work towards greater self-sufficiency.

## **100-Day Challenge Initiative to Reduce Family Homelessness**

In partnership with the state Department of Social and Health Services, Commerce will identify several communities to participate in a 100-day challenge to reduce family homelessness. This type of campaign helped other communities bring the focus and systems change needed to reduce homelessness. Selected communities will be provided technical assistance funded by private foundation dollars.

## **New Strategies for Measuring the Number of Homeless Persons**

Dissatisfied with the timeliness and accuracy of the point-in-time counts of homeless persons conducted every January, state agencies are working together to supplement the count with an unduplicated twice annual count of homeless people encountered by state, local, and private organizations. The count will merge existing administrative data to create the unduplicated count.

## Contract for New Homeless Management Information System Technology

The state signed a contract in October 2015 for a new Homeless Management Information System. The new system is built on a technology platform that did not exist eight years ago when the current system was procured, and will give policy makers and housing providers better and more timely data needed to improve system efficiency, while reducing the administrative burden on those entering the data. Announcements about the new vendor and rollout of the new system will be made in the near future.

## Summary of Spending and Numbers Served

Table 1: Calendar Year 2014 Housing Spending by Housing Type

	Emergency Shelter	Transitional Housing	Rapid Re-housing	Homelessness Prevention	Permanent Supportive Housing	Permanent Housing	Total
Total Spending	\$32,600,913	\$23,299,016	\$39,782,963	\$18,887,180	\$47,420,377	\$10,399,723	\$172,390,172
Recording Fee Spending	\$7,000,708	\$3,980,114	\$9,907,736	\$4,991,268	\$5,112,443	\$3,306,617	\$34,298,886
Number Housed	20,277	4,905	12,162	10,824	6,090	918	55,176
Cost per Person Housed in Calendar Year 2014	\$1,608	\$4,750	\$3,271	\$1,745	\$7,787	\$11,329	\$3,124 (ave.)
Median Months of Housing Provided in Calendar Year 2014 per Person Served	1.4	10.2	6.4	3.5	n/a	n/a	n/a

See Appendix B for detailed expenditure reporting required under [RCW 43.185C.240\(1\)\(c\)\(iv\)](#).

## Office of Homeless Youth Prevention and Protection Programs

The Office of Homeless Youth Prevention and Protection Programs was created by the Legislature during the 2015 legislative session to “coordinate ... funding, policy, and practice efforts related to homeless youth.”<sup>2</sup> The office includes four programs, three of which were previously managed by the Department of Social and Health Services (DSHS). The Independent Youth Housing Program is already managed by Commerce.

- **Crisis Residential Centers:** Short-term, semi-secure, and secure facilities for runaway youth and adolescents in conflict with their families. Youth are referred to a Crisis Residential Center by law enforcement or social workers at DSHS.
- **HOPE Centers:** Temporary residential placements for homeless youth under the age of 18. Youth may self-refer to a HOPE Center for services. Entering a Hope Center is voluntary.
- **Independent Youth Housing:** Rental assistance and case management for eligible youth who have aged out of the state foster care system. Participants must be between 18 and 23 years old, have been a dependent of the state at any time during the four-month period preceding his or her 18<sup>th</sup> birthday, and meet income eligibility. Priority is given to young adults who were dependents of the state for at least one year. Further details can be found on page 8 of this report.
- **Street Youth Services:** Street Youth Services focus on identification and engagement with youth under the age of 18 who are living on the street. Once rapport is established with the youth, programs provide needed services directly or link the youth to appropriate community resources. Services can include drug/alcohol abuse intervention, counseling, emergency housing, prevention and education activities, employment skill building, advocacy, family focused services, and follow-up support.

The placement of these four youth housing programs at Commerce will facilitate greater coordination across the systems that touch homeless youth to achieve better results across five priority service areas:

- **Stable housing.** Everyone should have a safe and healthy place to sleep at night.
- **Permanent connections** through establishing positive, healthy relationships with adults.
- **Education and employment**, including the opportunity to complete high school and pursue additional education and training.
- **Social and emotional well-being** through access to behavioral and physical health care.
- **Safety** through coordination among state and local partners, including facilitating family reconciliation when possible and appropriate.

---

<sup>2</sup> Washington State Legislature, *An act relating to homeless youth prevention and protection*, page 4, Sec. 5(3), 2015 session, <http://lawfilesext.leg.wa.gov/biennium/2015-16/Pdf/Bills/Session%20Laws/Senate/5404-S2.SL.pdf>.

## Housing and Essential Needs Program

### Mitigating Effects of Social Service Cuts, Reducing Housing Instability

The Housing and Essential Needs program pays rent directly to landlords for more than 4,000 individuals each month who are:

- Unable to work for at least 90 days due to a temporary disability (as determined by DSHS).
- Homeless or at imminent documented risk of becoming homeless.

Housing and Essential Needs also provides essential needs (i.e., toiletries, bus tokens) for people with a temporary disability.

The program was created in 2011 with a portion of the funds saved when Disability Lifeline-Unemployable, a cash-grant program, ended as part of an overall state budget reduction.

The Housing and Essential Needs program helped mitigate the impact of the elimination of the cash grants and led to an 18 percent reduction in housing instability among those served versus the cash grant program. Participants were also 86 percent less likely to become incarcerated in prison than a similar enrolled cohort served with cash assistance.

Table 2: SFY 2015 Housing and Essential Needs Spending

Spending Category	SFY 2015 Spending
Rent Assistance and Operations/Essential Needs	\$27,231,575
Commerce Administration	\$569,036
Local Administration	\$1,405,616
Total	\$29,206,227

Services are provided through a network of faith-based organizations, community non-profits, and local governments. The program successfully leverages the long-standing network of local providers that have experience working with property owners and managing rent assistance programs.

The following fulfills reporting requirements under [RCW 43.185C.220](#).

**Table 3: Calendar Year 2014 Increases in Housing Stability and Self-sufficiency**

Household* Housing Outcomes		Housing and Essential Needs Funded Housing Assistance
Households Enrolled		4,875

<sup>3</sup> Use of Homeless Management Information System (HMIS) allows an unduplicated count of individuals served with housing support.

<sup>4</sup> A recipient may be counted more than once if they returned for essential needs support – HMIS is not in use for essential needs.

## Independent Youth Housing Program

The Independent Youth Housing Program, codified in 2007 by [RCW 43.63A.305](#), provides rent assistance and case management to youth ages 18 to 23 years old who have exited the state dependency system. The program was appropriated \$1.8 million from the state Home Security Fund during the 2013-15 Biennium.

The success of the Independent Youth Housing Program is measured using the Homeless Management Information System and includes the following outcomes reported as required under [RCW 43.63A.311](#).

Table 6: SFY 2015 Outcomes<sup>5</sup> for Independent Youth Housing program

Outcome Measures	IYHP Funded Household Outcomes
Total Households* Enrolled	89
Total Households Served	111
Total Households Exited	47
Average Length of Program Participation of Exited Participants	380 days
Exited to a Stable Housing Situation (with or without subsidy)	39 of 47 (83%)
Exited to an <b>Unsubsidized</b> Stable Housing Situation	37 of 47 (79%)
Exited to any Other Housing Situation	8 of 47 (17%)
Exited With Increased Income**	21 of 47 (45%)
Exited With Improved Economic Self-Sufficiency**	34 of 47 (72%)
Exited With Increased Education**	14 of 47 (30%)
Exited With Increased Employment**	22 of 47 (47%)
Exited With Increased Life Skills**	20 of 47 (43%)
Exited With Decreased Use of State Funded Services**	12 of 47 (26%)
Returned to Homelessness Within 24 Months**	6.7%

*\*Households consist of one person or a group of people who self-report living together.*

*\*\*Households may be counted in one or more of these categories.*

<sup>5</sup> Appendix A provides a county-by-county breakdown of the participant outcomes for IYHP.

## Consolidated Homeless Grant

The Consolidated Homeless Grant includes funding appropriated to the Transitional Housing Operating and Rent program ([RCW 43.185C.210](#)) and other appropriations from the state Home Security Fund.

The grant funding supports temporary housing in every county in Washington State through a network of non-profit organizations, faith-based organizations, and local governments. Consolidated Homeless Grant funds complement local document recording fees and private donations to support the system of emergency shelters, transitional housing, and temporary rent assistance for people facing homelessness.

The success of the Consolidated Homeless Grant is measured using the Homeless Management Information System and annual expenditure information.

**Table 7: Consolidated Homeless Grant Household Outcomes**

Outcome Measures		Homelessness Prevention	Rapid Re-housing	Emergency Shelter	Transitional Housing
Households Enrolled		1,155	426	8,672	221
Percent New Households Enrolled		79%	87%	74%	88%

## Appendix C: Point-in-Time Results

Tables 10, 11, and 12 are the results of the annual homeless Point-in-Time Count conducted statewide on January 23, 2014.

Table 10: 2015 Point-In-Time Count of Homeless Persons Statewide Totals

Household Type		Emergency	Transitional	Safe Haven	Total Sheltered	Unsheltered	TOTAL
Households with adults and children	Households	674	1,262	0	1,936	218	2,154
	Persons	2,249	3,849	0	6,098	795	6,893
Households with only children*	Households	73	34	0	107	59	166
	Persons	73	47	0	120	59	179
Households without children	Households	4,270	1,709	44	6,023	5,979	12,002
	Persons	4,299	1,736	44	6,079	6,267	12,346
Totals	Households	5,017	3,005	44	8,066	6,256	14,322
	Persons	6,621	5,632	44	12,297	7,121	19,418
	Persons under 18	1,367	2,300	0	3,667	495	4,162
	Persons 18-24	498	730	1	1,229	673	1,902
	Persons over 24	4,756	2,602	43	7,401	5,953	13,354
Subpopulations	Chronically Homeless Individuals				908	1,342	2,250
	Chronically Homeless Families				38	27	65
	Chronically Homeless Persons in Families				119	93	212
	Veterans				886	407	1,293
	Female Veterans				61	30	91
	Severely Mentally Ill Adults				1,651	1,098	2,749
	Chronic Substance Abuse Adults				1,046	749	1,795
Persons with HIV/AIDS Adults				36	16	52	

\* Households with only children are households composed of one or more unaccompanied homeless children or youth, and do not include any adults.
