Washington State Department of  
Community, Trade and Economic Development (CTED)  
906 Columbia Street SW, PO Box 42525  
Olympia WA 98504-2525

**Internet:** [www.cted.wa.gov/buc](http://www.cted.wa.gov/buc)

**Program Manager:** Liz Green-Taylor  
360/725-5021 or [buc@cted.wa.gov](mailto:buc@cted.wa.gov)

**Administrative Assistant:** Vernita Shye  
360/725-3023 or [vernitas@cted.wa.gov](mailto:vernitas@cted.wa.gov)

**Statutory Authority:** The Revised Code of Washington  
(RCW) Chapter 39.44 was amended in 1990 as follows:

*"Each local government that issues any type of bond shall make a report annually to (the Department of Community, Trade and Economic Development) that includes a summary of all the outstanding bonds of the local government as of the first day of January in that year. Such report shall distinguish the outstanding bond issues on the basis of the type of bond, as defined in RCW 39.44.200, and shall report the local government's outstanding indebtedness compared to any applicable limitations on indebtedness, including RCW 35.42.200, 39.30.010, and 39.36.020."*

We make all efforts to ensure the accuracy of the data, but it has not been audited and should be read with caution. CTED assumes no liability for any inaccuracies.

CTED cannot guarantee full compliance with state reporting requirements, so debt listings may not be exhaustive. If data from a jurisdiction is not listed, no assumptions should be made about its debt status.

## NOTES & CAVEATS

Questionnaires were mailed in August 2005 to 831 local jurisdictions, and a follow-up letter was later sent to non-respondents. Not counting libraries (see chart caption), the response rate was a very high 95 percent.

Counties, school districts and “other jurisdictions” were asked slightly different questions reflecting the types of debt instruments available to them. However, the following data was requested from everyone:

- Nonvoted (or councilmanic) general obligation (GO) debt. This includes bonds as well as bond- and grant-anticipation notes, but *not* intergovernmental loan agreements, e.g., with the Public Works Trust Fund, Dept. of Ecology or U.S. Dept. of Agriculture. This category does include certificates of participation issued by the state treasurer on behalf of a jurisdiction.

- Voter-approved GO debt, such as bonds, anticipation notes, lease-purchase agreements, and installation sales contracts.

- The total cash, investments and taxes receivable in debt service funds for non-voted and for voter-approved debt.

The surveys differed mainly regarding voter-approved debt categories. School districts distinguished between non-capital and capital outlays; cities itemized general, utilities, and parks debt; and other jurisdictions provided general voter-approved GO debt information.

As in previous years, for 2004 only the principal amount of debt was requested, and jurisdictions were not required to report less than \$10,000 for any debt category. Those jurisdictions that did not have any outstanding debt were asked to return a survey so marked.

2004 SURVEY RESPONSE RATE			
Jurisdiction Type	No. of Surveys Sent	No. of Responses	Response Rate (%)
Cities/Towns	283	265	94%
Counties	39	39	100%
Library Districts*	72	38	53%
Hospital Districts	52	51	98%
Ports	69	62	90%
Schools	298	279	94%
<b>Totals:</b>	<b>813</b>	<b>734</b>	<b>90%</b>

\* Not all of the libraries surveyed turned out to be separate library districts, thus the low response rate. Many were wholly owned and operated by their cities, and any debt for those libraries is covered in that city's GO debt.

The figures are for the 2004 fiscal year, which ended on August 31, 2004 for school districts; and December 31, 2004 for all other jurisdictions. Debt capacity in this report represents the statutory – not constitutional – limitations on local governments.

This year, reports are included on all of the smaller jurisdictions surveyed, as well as cities, counties, and school districts.

Comparative tables include only 2004 data for jurisdictions that submitted surveys in time for data analysis. Jurisdictions not listed in the 2004 comparative tables did not respond to the survey. Blanks in other tables indicate either no response was received for that year or there was no assessed valuation data available. Junior taxing districts whose data was provided by counties via Schedule 09 forms, which do not list all funds needed to calculate debt capacity figures, are also not included.

We extend a hearty thank you to the jurisdictions who participated in this year's survey.

## READING THE DATA

- In the tables \$0 means no GO debt was reported in a given category. A blank space indicates a survey was not submitted, was incorrect and unusable, or no assessed valuation data was available with which to calculate debt capacity.

- The cluster analysis shown in the *General Comparisons* tables (pages 3, 9 and 26) ranks jurisdictions by assessed valuation because it was deemed more useful in analyzing debt than the more typical approach, which is to group by population.

- Assessed valuation data is from the state Department of Revenue; population data is from the Office of Financial Management.

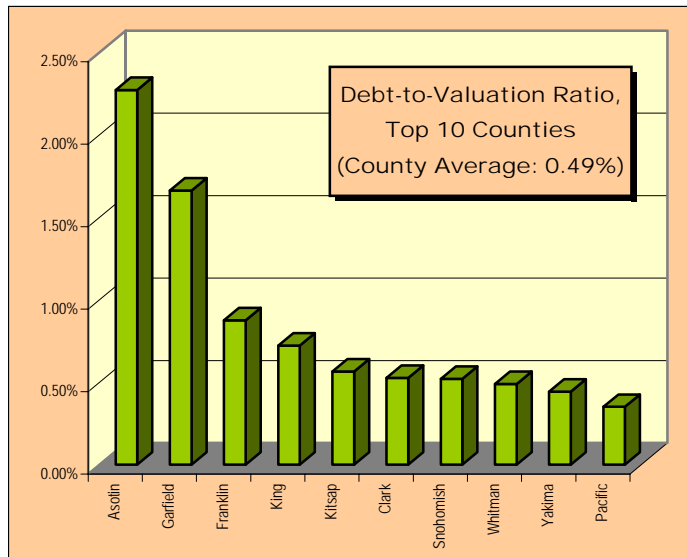

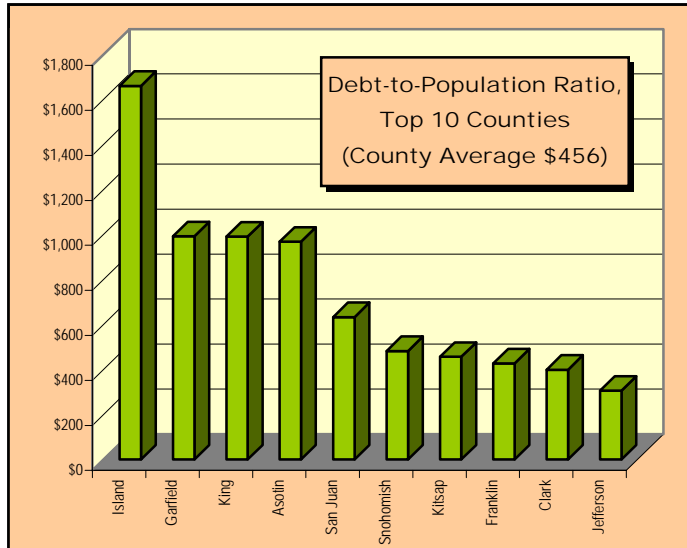

- For space reasons, “AV” refers to a jurisdiction's assessed valuation, and the term “cities” has often been used generically to refer to both cities and towns.

- This year the *GO Debt Capacity Detail* tables are broken out by jurisdiction type. Note that the content of some columns varies by jurisdiction type because of differing categories of debt. The calculations used to determine GO debt total figures and statutory capacity percentages are listed near the top of each table page. Negative subtotals – which represent positive cashflow – were converted to \$0, since this report only measures debt. Italicized columns represent figures subtracted from debt subtotal columns.

- Some tables refer to the “% of Cap.” This means the percentage of a jurisdiction's statutory GO debt capacity being used. These limits may be higher than what is needed to maintain a good credit rating, according to *A Debt Primer for Washington's Cities and Towns*. This useful report was published in 1994 (No. 30) by the Municipal Research & Services Center of Washington (<http://www.mrsc.org/>).

# 5 WAYS TO LEARN MORE ABOUT PUBLIC DEBT IN WASHINGTON STATE

## ■ **PUBLIC DEBT BIMONTHLY UPDATE**

This newsletter provides information on bonds and other types of debt issued by local and state government. Print and electronic editions are available every other month, or six times per year. Back issues are posted on our web page, [www.cted.wa.gov/buc](http://www.cted.wa.gov/buc).

## ■ **MONTHLY SPREADSHEET OF DEBT ISSUE DATA**

Available as an Excel 2000 file and distributed as an e-mail attachment *every* month. Now posted on our web page.

## ■ **ARCHIVES OF DEBT ISSUE INFORMATION**

To receive a copy of an official statement or a "Bond 101" disclosure report form, please fill out a "BUC Information Request Form" on our web site.

## ■ **THE PUBLIC DEBT REPORT: AN ANALYSIS OF BOND AND OTHER DEBT ISSUES BY LOCAL AND STATE GOVT.**

Our annual wrap-up of debt-issue activity by local and state government is offered in electronic and print editions each year.

## ■ **THE GO REPORT: AN ANALYSIS OF OUTSTANDING GENERAL-OBLIGATION MUNICIPAL DEBT**

The results of our annual survey of local government debt capacity are offered in electronic and print editions each year.

ALL OF THESE SERVICES ARE FREE. TO GET ON A DISTRIBUTION LIST, FILL OUT THE SUBSCRIPTION FORM ON OUR WEB PAGE.
