Section 3: State Plan Development and Statewide Goals

### 3.1. CSBG Lead Agency Mission and Responsibilities:
Briefly describe the mission and responsibilities of the State agency that serves as the CSBG Lead Agency.

Our Mission Grow and improve jobs in Washington State by championing thriving communities, a prosperous economy, and sustainable infrastructure.

### 3.2. State Plan Goals:
Describe the State’s CSBG-specific goals for State administration of CSBG under this State Plan.

(Note: This item is associated with State Accountability Measures 1Sa(i) and may pre-populate the State’s Annual Report form.)

WA Department of Commerce continues to collaborate with community stakeholders to broaden and improve anti-poverty services in Washington communities. In collaboration with the state association, Washington State Community Action Partnership (WSCAP) and the 30 community action agencies have identified two main goals to focus on in the coming year: 1) To increase utilization of research and evidence-based programs, policies and performance outcomes to ensure all Washingtonians have access to effective programs designed to equip people to exit poverty. WA Dept of Commerce has partnered with the state association, WSCAP, to research and identify performance outcomes for community action agencies in Washington. 2) In partnership with The Prosperity Agenda, Oregon State University, and regional community action partners (Oregon and Idaho), WSCAP has developed a Theory of Change, designed to guide community action agencies toward shared goals that improve impact of community services. This Indicators Project aims to: A) Demonstrate the impact of community action agencies on stabilizing and equipping low-income Washingtonians to exit poverty B) To provide local agencies with the data and evaluation methods necessary to adapt, improve and better target programs to reach these intended outcomes. While the initial phase of the project has focused on research and identification of the appropriate performance indicators to show whether people served are equipped to exit poverty, Commerce, WSCAP, The Prosperity Agenda and Oregon State University will focus efforts in the next year to gather baseline data specific to the new performance indicators, and to develop a training and technical assistance program that can be offered throughout the state in order to build capacity within community action agencies to increase internal program evaluation and continuous improvement their programs, based on use of the new performance indicators.

(Note: This information is associated with State Accountability Measures 1SB(i) and (ii) and may pre-populate the State's annual report form)

5.2 Total number of CSBG eligible entities: 30

5.3 Changes to Eligible Entities List:
Has the list of eligible entities under item 5.1 changed since the State's last State Plan submission? ☐ Yes ☒ No

If yes, please briefly describe the changes.
Section 6: Organizational Standards for Eligible Entities

Note: Reference IM 138, State Establishment of Organizational Standards for CSBG Eligible Entities, for more information on Organizational Standards. Click HERE for IM 138.

6.1. Choice of Standards:
Check the box that applies. If using alternative standards
a) attach the complete list of alternative organizational standards,
b) describe the reasons for using alternative standards, and
c) describe how the standards are at least as rigorous as the COE-developed standards.

The State will use the CSBG Organizational Standards Center of Excellence (COE) organizational standards (as described in IM 138)

6.2. If the State is using the COE-developed organizational standards, does the State propose making a minor modification to the standards, as described in IM 138? Yes No

6.2a. If yes was selected in item 6.2, describe the State's proposed minor modification to the COE-developed organizational standards, and provide a rationale.

6.3 How will/has the State officially adopt(ed) organizational standards for eligible entities in the State in a manner consistent with the State’s administrative procedures act? If “Other” is selected, provide a timeline and additional information, as necessary. (Check all that apply and narrative where applicable)

- Regulation
- Policy
- Contracts with eligible entities
- Other, describe:

6.4. How will the State assess eligible entities against organizational standards, as described in IM 138? (Check all that apply.)

- Peer-to-peer review (with validation by the State or State-authorized third party)
- Self-assessment (with validation by the State or State-authorized third party)
- Self-assessment/peer review with State risk analysis
- State-authorized third party validation
- Regular, on-site CSBG monitoring
- Other

6.4a. Describe the assessment process.

Commerce will assess all CSBG eligible entities to identify if organizational standards are met or not met annually using a variety of review processes. All agencies will be required to complete a web based assessment (requiring the upload of relevant documents) based on the CAP model. The review process will vary based on where the eligible entity is in the on-site monitoring cycle. All assessments will be reviewed for compliance with standards within 60 working days of submittal. For any standards Not Met, eligible entities will be required to fill out a Technical Assistance Plan, TAP. The TAP is integrated in to the web based system and will be submitted, tracked and approved through the system. The TAP will be closed once the standard is Met. Review Process: For entities that were recently monitored on-site, a complete document review will be conducted with follow up to take place on-site. For entities that will be monitored on-site the same year, a full document review will take place via a desk audit. Any unmet standards will result in a TAP, and may result in a quality improvement plan.

6.5. Will the State make exceptions in applying the organizational standards for any eligible entities due to special circumstances or organizational characteristics, as described in IM 138? Yes No

6.5a. If yes was selected in item 6.5, list which eligible entities the State will exempt from meeting organizational standards, and provide a description and a justification for each exemption.

If this is the first year filling out the automated State Plan, skip the following question.

6.6. Performance Target: What percentage of eligible entities in the State does the State expect will meet all the State-adopted organizational standards in the next year? (Provide as a percentage) 70%

Note: This information is associated with State Accountability Measures 6Sa and may pre-populate the State's annual report form.

### 7.3. Distribution Process:

Describe the specific steps in the State's process for distributing 90 percent funds to the eligible entities and include the number of days each step is expected to take; include information about State legislative approval or other types of administrative approval (such as approval by a board or commission).

CSBG funding is distributed to eligible entities through a contract for the projected full amount of potential funding based on the last federal award. The Department releases spending authority based on grant award notices and available Federal funding award allocations. Contracts are generated to allocate the 90% pass through funding to eligible entities. The state uses a multiyear contract as a mechanism to provide funding to each CSBG eligible entity. Grants begin on October 1st and close September 30th. There is an overlapping period of Federal and State funds. Eligible entities are required to spend out their earliest awarded Federal funds before beginning spending of next Federal grant. They may spend State funds concurrently. Contracts are approved by the division budget manager, unit managing director, and the assistant director. The intent is to distribute funds within 30 days of receipt of OCS Federal award.

### 7.4. Distribution Timeframe:

Does the State plan to make funds available to eligible entities no later than 30 calendar days after OCS distributes the Federal award? [ ] Yes [ ] No

Note: Item 7.4 is associated with State Accountability Measure 2Sb and may prepopulate the State's annual report form.

**If this is the first year filling out the automated State Plan, skip the following question.**

### 7.5. Performance Management Adjustment:

How is the State improving grant and/or contract administration procedures under this State Plan as compared to past plans? Any improvements should be based on analysis of past performance, and should consider feedback from eligible entities, OCS, and other sources, such as the public hearing. If the State is not making any improvements, provide further detail.

The State scored well in the ACSI Survey under Distribution of Funds. We have changed our Federal contract period to begin on 10-1 to align with the federal fiscal year. This change is helpful to the network. Previously our grants began on 1-1 to align with the release of federal awards. Once contracts are in place the Department releases spending authority based on grant award notices and available Federal funding award allocations.

#### Administrative Funds [Section 675C(b)(2) of the CSBG Act]

7.6. What amount of State CSBG funds does the State plan to allocate for administrative activities, under this State plan? The estimate may be in dollars or a percentage [ ] $ [ ] %

7.7. How many State staff positions will be funded in whole or in part with CSBG funds under this State Plan? [ ]

7.8. How many State Full Time Equivalents (FTEs) will be funded with CSBG funds under this State Plan? [ ]

#### Remainder/Discretionary Funds [Section 675C(b) of the CSBG Act]

7.9. Does the State have remainder/discretionary funds? [ ] Yes [ ] No

If yes was selected, describe how the State plans to use remainder/discretionary funds in the table below.

Note: This response will link to the corresponding assurance, Item 14.2.

For each allowable use of remainder funds in the table below (rows a through h), enter the State's planned level of funding, if any, either in dollars or percentage, and provide a brief description. Activities funded under row a, training and technical assistance, do not require a description, as is that is provided under section 8 of this State plan. Activities funded under rows b and c, are described under section 9, State Linkages and Communication, but a State may enter additional information in this table as well. The State must describe “innovative programs/activities by eligible entities or other neighborhood groups,” under row f, even if the State does not allocate discretionary funds to this activity. This activity is required by section 676(b)(2) of the CSBG Act, assurance 14.2 If a funded activity fits under more than one category in the table, allocate the funds among the categories. For example, if the State provides funds under a contract with the State Community Action association to provide training and technical assistance to eligible entities and to create a statewide data system, the funds for that contract should be allocated appropriately between row a and row c. If allocation is not possible, the State may allocate the funds to the main category with which the activity is associated.

Note: This information is associated with State Accountability Measures 3Sa and may pre-populate the State’s annual report form.

7.11. Performance Management Adjustment:

How is the State adjusting the use of remainder/discretionary funds under this State Plan as compared to past plans? Any adjustment should be based on the State’s analysis of past performance, and should consider feedback from eligible entities, OCS, and other sources, such as the public hearing. If the State is not making any adjustments, provide further detail.

Note: This information is associated with State Accountability Measures 35b, and may pre-populate the State’s annual report form.

The State conducted individual calls with eligible entities and reviewed the past use of discretionary funds. There were no recommendations for a change in discretionary fund investment. However, there was a request for more transparency in use of funds. The State has shared the use of discretionary funds via the Association Quarterly Meeting and individual calls.

8.2. Does the State have in place Technical Assistance Plans (TAPs) or Quality Improvement Plans (QIPs) for all eligible entities with unmet organizational standards that could be used if appropriate?  
☐ Yes ☐ No

**Note:** This information is associated with State Accountability Measure 6Sb. QIPs are described in Section 678C(a)(4) of the CSBG Act. If the State, according to their corrective action procedures, does not plan to put a QIP in place for an eligible entity with one or more unmet organizational standards, the State should put a TAP in place to support the entity in meeting the standard(s).

This is our implementation year, however we are requiring all eligible entities to have TAPs for any unmet standards. This helps us and the entities in tracking how standards are being met.

8.3. Indicate the types of organizations through which the State plans to provide training and/or technical assistance as described in item 8.1, and briefly describe their involvement.

### Eligible Entity Linkages and Coordination:

#### 9.3a State Assurance of Eligible Entity Linkages and Coordination:

Describe how the State will assure that the eligible entities will coordinate and establish linkages to assure the effective delivery of and coordination of CSBG services to low-income people and communities and avoid duplication of services (as required by the assurance under Section 676(b)(5)). Attach additional information as needed.

Note: This response will link to the corresponding CSBG assurance, item 14.5.

Annually, CSBG eligible entities must submit a Community Action Plan to the Department via a web based system. The organization section includes a tab wherein eligible entities describe the process utilized to link services and coordinate funding in their service area. Eligible entities provide information on coalitions, MOUs, and partnerships. [Click paper clip to attach file]

### 9.3b State Assurance of Eligible Entity Linkages to Fill Service Gaps:

Describe how the eligible entities will develop linkages to fill identified gaps in the services, through the provision of information, referrals, case management, and follow-up consultations, according to the assurance under Section 676(b)(3)(B) of the CSBG Act.

Note: This response will link to the corresponding CSBG assurance, item 14.3b.

Annually, CSBG eligible entities must submit a Community Action Plan to the Department via a web based system. The organization section includes a tab wherein eligible entities describe the process utilized to link services and coordinate funding in their service area. Eligible entities provide information on coalitions, MOUs, and partnerships.
9.4. Workforce Innovation and Opportunity Act (WIOA) Employment and Training Activities:

Does the State intend to include CSBG employment and training activities as part of a WIOA Combined State Plan, as allowed under the Workforce Innovation and Opportunity Act (as required by the assurance under Section 676(b)(5) of the CSBG Act)?
- [ ] Yes
- [ ] No

Note: This response will link to the corresponding CSBG assurance, item 14.5.

9.4a If the State selected "yes" under item 9.4, provide the CSBG-specific information included in the State's WIOA Combined Plan. This information includes a description of how the State and the eligible entities will coordinate the provision of employment and training activities through statewide and local WIOA workforce development systems. This information may also include examples of innovative employment and training programs and activities conducted by community action agencies or other neighborhood-based organizations as part of a community anti-poverty strategy.

Washington State does intend to include CSBG employment and training activities as part of our WIOA Combined State Plan. The following language is included in Washington’s WIOA state plan: The Community Services Block Grant (CSBG), administered by the Department of Commerce, awards funds to local community action agencies to provide services to low-income households at or below 125% of the federal poverty level (FPL). CSBG Grantees determine how funding will be used to support allowable CSBG activities, such as employment and training activities. These funds may be used to provide actual services to individuals, or they may be used to support the administration of allowable services and activities funded thru a different source. When the CSBG grantee elects to use CSBG funding to provide workforce development employment and training services to individuals, those services will be required to align with the States WIOA strategies and be coordinated with the local one-stop center. When CSBG funding is used to support allowable services and activities funded thru a different source, WIOA requirements will be determined by the primary funding source.

9.4b. If the State selected "no" under item 9.4, describe the coordination of employment and training activities, as defined in Section 3 of WIOA, by the State and by eligible entities providing activities through the WIOA system.

9.5. Emergency Energy Crisis Intervention:

Describe how the State will assure, where appropriate, that emergency energy crisis intervention programs under title XXVI (relating to Low-Income Home Energy Assistance) are conducted in each community in the State, as required by the assurance under Section 676(b)(6) of the CSBG Act.

Note: This response will link to the corresponding CSBG assurance, item 14.6.

The Department administers the LIHEAP grant. LIHEAP also supports the Department's weatherization program. The majority of the CSBG eligible entities administer both the LIHEAP and WX programs. The Department reserves a portion of CSBG discretionary funds for assistance in natural disasters. These funds may be used to provide emergency energy crisis intervention.

9.6. State Assurance: Faith-based Organizations, Charitable Groups, Community Organizations:

Describe how the State will assure local eligible entities will coordinate and form partnerships with other organizations, including faith-based organizations, charitable groups, and community organizations, according to the State’s assurance under Section 676(b)(9) of the CSBG Act.

Note: this response will link to the corresponding assurance, item 14.9.

Annually, CSBG eligible entities must submit a Community Action Plan to the Department. They must describe organizations with which they coordinate services, including faith-based organizations, charitable groups, and community organizations. All eligible entities participate in coalitions which are comprised of multiple organizations. ([Click paper clip to attach file])

9.7 Coordination of Eligible Entity 90 Percent Funds with Public/Private Resources:

Describe how the eligible entities will coordinate CSBG 90 percent funds with other public and private resources, according to the assurance under Section 676(b)(3)(C) of the CSBG Act.

Note: this response will link to the corresponding assurance, item 14.1c.

Annually, CSBG eligible entities must submit a Community Action Plan to the Department. They must describe organizations with which they coordinate services.

9.8. Coordination among Eligible Entities and State Community Action Association:

Describe State activities for supporting coordination among the eligible entities and the State Community Action Association.

The Department works closely with the State Community Action Association, Washington State Community Action Partnership and annually provides funds for WSCAP activities and statewide services. The Department collaborates with WSCAP on training and technical assistance for the eligible entities.

9.9 Communication with Eligible Entities and the State Community Action Association:

In the table below, describe the State’s plan for communicating with eligible entities, the State Community Action Association, and other partners under this State Plan. Include communication about annual hearings and legislative hearings, as described under Section 4, CSBG Hearing Requirements.

Washington State received feedback regarding the need for more consistency in monitoring. As a result we redesigned our on-site monitoring tool to include less subjective questions and created questionnaires specifically for board members and staff. There are more prompts to elicit qualitative information, so that all monitors collect the same information. We also developed and have been using a governing/advisory board meeting review form.

CERTIFICATION REGARDING DRUG-FREE WORKPLACE REQUIREMENTS

This certification is required by the regulations implementing the Drug-Free Workplace Act of 1988: 45 CFR Part 76,
Subpart, F. Sections 76.630(c) and (d)(2) and 76.645 (a)(1) and (b) provide that a Federal agency may designate a central receipt point for STATE-WIDE AND STATE AGENCY-WIDE certifications, and for notification of criminal drug convictions. Certification Regarding Drug-Free Workplace Requirements (Instructions for Certification)

1. By signing and/or submitting this application or grant agreement, the grantee is providing the certification set out below.

Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio studios).
7. If the workplace identified to the agency changes during the performance of the grant, the grantee shall inform the agency of the change(s), if it previously identified the workplaces in question (see paragraph five).
