

Internet Explorer 11 Issues

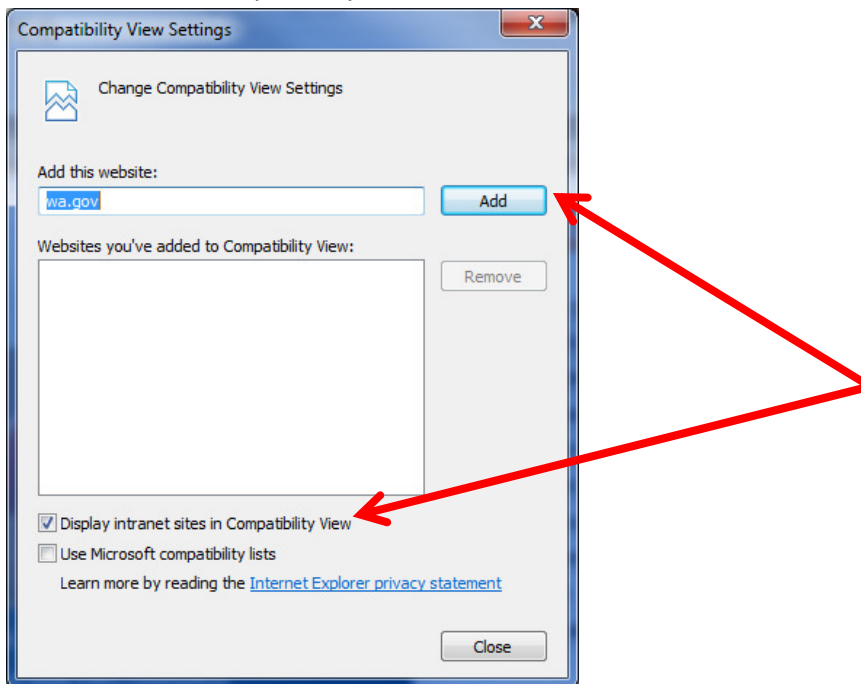

(updated 7/16/14)

Some users may experience minor compatibility issues with specific features in Internet Explorer 11. To resolve these issues:

- (1) In Internet Explorer, select TOOLS on the menu bar, then select Compatibility View Settings

- (2) Type wa.gov in the "Add this website" box, and click the ADD button. Make sure the Display intranet sites in Compatibility View is selected.

- (3) Click Close when finished.
