### Statutory Authority:

The Revised Code of Washington (RCW) Chapter 39.44 was amended in 1990 as follows:

"Each local government that issues any type of bond shall make a report annually to (the Department of Commerce) that includes a summary of all the outstanding bonds of the local government as of the first day of January in that year. Such report shall distinguish the outstanding bond issues on the basis of the type of bond, as defined in RCW 39.44.200, and shall report the local government's outstanding indebtedness compared to any applicable limitations on indebtedness, including RCW 35.42.200, 39.30.010, and 39.36.020."

**Note:** We make all efforts to ensure the accuracy of the data, but it has not been audited and should be read with caution. Commerce assumes no liability for any inaccuracies. We cannot guarantee full compliance with state reporting requirements, so debt issue listings may not be exhaustive. If data from a jurisdiction is not listed, no assumptions should be made about its debt status. Reported issue costs may not be final figures.

# MAKING USE OF THE GENERAL OBLIGATION (GO) REPORT

---

## ***What data is collected***

The Washington State Department of Commerce (Commerce) entered an agreement with the State Auditor's Office (SAO) to receive local government Schedule 9 – Liabilities data. The data is unaudited and includes an entity's general obligation (GO) debt data. The purpose of this data is to analyze GO debt activity, and to support debt data gathered directly from local governments and their designees via the [Bond 101 submission tool](#).

GO debt is backed by the credit and "taxing power" of the issuing jurisdiction rather than the revenue from a given project. The amount of debt a jurisdiction may have is limited to a percentage of that jurisdiction's assessed valuation—in other words the value of the taxable property within that jurisdiction's boundaries.

The data gives a snapshot of a jurisdictions' debt at the beginning and end of the previous year. *The GO Report* may adapt, analyze, and present the data, as compiled, into the following categories:

- GO debt issuances that were not voter-approved (council-manic).
- GO debt that was voter approved.
- Debt service funds restricted to paying off voted and non-voted GO debt.
- Debt capacity for non-voted, voted, and total GO debt.

- Optional: May include revenue debt, special-assessment debt, and government loans.

## ***Timeliness and Data Reliability***

Commerce received data for this report from the State Auditor's Office on September 27, 2016. At this time, several local government entities had not yet submitted their complete annual reports to the Auditor. Jurisdictions not reporting by Commerce's final request for data are not present in this report.

## ***Additional data used in the report***

In addition to the data collected through the survey, the report uses assessed valuation (AV) data collected from the Department of Revenue, and population data collected from the Office of Financial Management. Note that the AV data may not accurately reflect market value.

These outside data sources allow Bond Users Clearinghouse staff to analyze each jurisdiction's use of their statutory debt capacity — the main purpose of the report — but may also be used to calculate the per capita debt for city and county debt. Each jurisdiction's debt capacity is labeled at top of page.

## ***Trends and averages***

The data tables include only jurisdictions that reported data to the SAO. Any jurisdiction that did not submit a portion of data will have blank spots in the data tables. If \$0 is recorded, it means that

the jurisdictions reported they had no debt in that category or the category was left blank.

Debt to population and debt to AV analysis accompanies GO debt information for cities/town and counties only. Presentation of GO debt data for represented port and hospital districts includes revenue debt.

## ***Notes & Caveats***

■ Assessed valuation data is from the state Department of Revenue. Population data is from the Office of Financial Management.

■ For space reasons, "AV" refers to a jurisdiction's assessed valuation, and the term "cities" is often used generically to refer to both cities and towns.

■ The *GO Debt Capacity Detail* tables are broken out by jurisdiction type. Note that the content of some columns varies by jurisdiction type because of differing categories of debt. The GO debt total figures and statutory debt capacity percentages are listed near the top of each page.

■ Tables refer to the "% of Cap." This means the percentage of a jurisdiction's statutory GO debt capacity in use at that point in time. These limits may be higher than what is needed to maintain a good credit rating, according to *A Debt Primer for Washington's Cities and Towns*. This useful report was published in 1994 (No. 30) by the Municipal Research & Services Center of Washington (<http://www.mrsc.org/>).

# 5 WAYS TO LEARN MORE ABOUT **PUBLIC DEBT** IN WASHINGTON STATE

- 1. *The GO Report: Outstanding General Obligation Municipal Debt*** — You will find in one place a listing of local government general-obligation debt and use of statutory debt capacity.
- 2. *The Public Debt Report: Bond and Other Debt Issues by Local and State Government*** — Our annual itemization of all debt-issue activity by local and state government.
- 3. Monthly listing of local and state debt issue data** — Available as an Excel spreadsheet.
- 4. Data analysis and emerging trends** — Our [website](#) offers news and information about public debt, including analysis of our data and background on emerging issues.
- 5. Archives of debt issue information** — “Bond 101” disclosure reports and recent official statements are downloadable on the [Search the Bond 101 Database](#) page of our website. Search for particular bond issuances, then click on “Official Statement” or “Covenants” to download recent documents or an electronic form to request copies of older documents. For customized searches using your own criteria, email [buc@commerce.wa.gov](mailto:buc@commerce.wa.gov) or call 360/725-5040.

ALL OF THESE SERVICES ARE FREE AND AVAILABLE ON OUR WEBSITE
