

STRATEGIES FOR LOCAL PROCUREMENT SUCCESS

We're listening! The Washington State Department of Commerce is taking additional measures to assist local firms in successfully winning government contracts with agencies in their own backyard. Join us at these upcoming trainings. Hear what other local governments have told us. Share your thoughts with buyers and sellers and explore strategies for local procurement success.

Trainings presented by

Department of Commerce

WHAT TO EXPECT

Buyers can learn how local awards boost local economies and explore ways to connect with local firms.

Businesses can connect with local government officials and learn about state opportunities and methods to procure contracts in their jurisdictions.

Advisors with the Washington Procurement Technical Assistance Center (PTAC) will be on site to help demystify government procurement and provide tips for winning more contracts.

We hope you will attend this event and be part of this effort to support the economic vitality of your local community.

The Department of Commerce touches every aspect of a community and economic development representing over 110 programs including planning, infrastructure, community facilities, housing, safety & crime victims and business assistance.

Learn About Building Communities Fund Grant Now Open

All applications must be submitted electronically through Zoom Grants. Info @ commerce.wa.gov

Deadline 5 pm Thursday, August 9, 2018
