1. INTRODUCTION

1.1. PURPOSE AND BACKGROUND

The 2018 Legislature passed Substitute Senate Bill 6560 (SSB 6560) stating that unaccompanied youth leaving a publicly funded system of care must be discharged into safe and stable housing. Publicly funded systems of care include the child welfare system, behavioral health system, juvenile justice system, and programs administered by the Office of Homeless Youth.

Young people leaving foster care, juvenile justice, or the behavioral health system, are especially vulnerable to becoming homeless, as are young people who have previously experienced homelessness. They often lack family support, job experience, financial support, and the skills to live independently. They may have experienced trauma and face challenges such as mental health issues, substance abuse, or have criminal records that inhibit access to employment and housing.

Data confirm these findings:

- A June 2017 report by the Research and Data Division of the Department of Social and Health Services found that in State Fiscal Year 2015, over 1,800 youth and young adults experienced housing instability within 12 months of exiting foster care, behavioral health, or criminal justice systems. See Exhibit E for breakdown by county.
- Two-thirds, or about 1,200, experience housing instability after exiting an inpatient mental health or substance use treatment facility. A 2018 report from A Way Home Washington details the circumstances faced by these youth and young adults.
- Data from the Office of Homeless Youth indicates that between 10 to 14 percent (approximately 300) youth and young adults exit a shelter or housing program to the streets, jail, or emergency shelter.

Pursuant to SSB 6560, the Washington State Department of Commerce hereafter called “COMMERCE” is initiating this Request for Proposals (RFP) to solicit proposals from entities interested in implementing services or program models that provide stability and prevent youth and young adults from experiencing homelessness after exiting public systems of care.

This funding will provide opportunity for system partners and services providers to develop and implement clearly defined and a scalable services or programs. This program requires cooperative partnerships to streamline support from residential care to independent living. Applications must provide a clear explanation of how the proposed intervention will reduce housing instability and other harmful outcomes that stem from a lack of stable housing and support. Entities funded under this RFP will be required to provide individual level data on enrolled participants to OHY throughout the grant period. This information will be confidential and used only to evaluate the effectiveness of the proposed intervention.

---

1 RDA dashboard does not currently capture housing instability for non-institutionalized, court-involved youth who or those who exit Office of Homeless Youth programs.
1.2. ABOUT THE OFFICE OF HOMELESS YOUTH

The Office of Homeless Youth Prevention and Protection Programs (OHY) leads statewide efforts to reduce and prevent homelessness for youth and young adults through five priority areas including safe and stable housing, family reconciliation, permanent connections, education and employment, and social and emotional well-being. Consistent with OHY's priority areas, the RFP targets housing stability, however, the other four priority areas represent general stability and should be factored into the proposed intervention.

The Office of Homeless Youth’s vision is that every family and youth in Washington State has the individualized support they need so that no young person must spend a single night without a safe and stable home. Every community has services that are equitable, accessible, effective, responsive, and coordinated.

In 2017, the Office of Homeless Youth began supporting the Interagency Work Group on Youth Homelessness that consists of representatives from 16 state agencies and other system partners to strategically address housing stability by coordinating efforts and investments in services to support youth and young adults who are at risk or are experiencing homelessness. The Interagency Work Group was created as a result of Governor’s Directive (17-01) to establish shared goals, outcomes and action plans to create or improve system response to housing instability for youth and young adults. Specifically noted as a target population is young people exiting from systems of care.

1.3. OBJECTIVES AND SCOPE OF WORK

This funding opportunity is intended to support interventions that prevent youth and young adults who are system involved or exiting public systems into homelessness, consistent with SSB 6560. Projects awarded through this funding opportunity are expected to achieve stable housing for youth (ages 12 through 17) or young adults (ages 18 through 24) who are system involved in child welfare, behavioral health, juvenile justice (including state and county systems), or OHY programs who need support after transferring from a controlled environment to a community setting with little to no support.

Grant funded projects must provide a clearly articulated outline that details how they will demonstrate improvement in at least one of the following three areas:

1. Systematically identify system-involved youth who are at risk of homelessness;
2. A coordinated response between a youth serving agency and local provider; and/or
3. Provide additional transitional support prior to discharge to connect youth or young adults to after-care services to gain access to stable, long-term housing.

The objective of the Systems of Care Grant is to increase stable housing for system involved youth which can be measured as reduced homelessness or housing instability 6 and 12 months after discharge. As secondary outcomes, it is anticipated that youth and young adults who obtain stable housing will have lower rates of criminal justice involvement and higher rates of employment, workforce development programs, and/or school participation.
Community partnerships are essential for providing coordinated support to young people who are exiting residential programs or who are under the jurisdiction of child welfare or juvenile courts. Local, state, or federal governmental entities that serve youth/young adults in the child welfare, behavioral health, or criminal justice system are expected to serve as the applicant for the grant. The government entity may have a sub-grantee or community partner. If the applicant is not a government entity, but a secondary partner, an MOU outlining the existing partnership between the community program and governmental entity must be provided. OHY will prioritize funding requests from communities that demonstrate effective partnerships across systems so each community has a strategic and coordinated response to housing support for these target populations.

Contracts awarded through this RFP must conclude by June 30, 2021. The OHY will conduct an evaluation of the projects upon completion. Projects must be able to regularly collect and report client-level identified data to aide in program evaluation. The ability to collect and submit data should be reflected in project team structure internal controls (section 3.3 (a)). Monthly meetings will be held with the program evaluator and OHY staff to discuss data collection effort sand for quality assurance and improvement efforts. Findings from the projects will inform future policy and funding requests.

The **target population** are youth or young adults who need support while transferring from residential programs and institutions or are system involved through child welfare, Juvenile Justice community supervision, or served by an OHY program.

### 1.4. MINIMUM QUALIFICATIONS

Minimum qualifications include:

- Licensed to do business in the State of Washington or provide a commitment that it will become licensed in Washington within thirty (30) calendar days of being selected as the Apparently Successful Contractor.
- Ability to collect client information for purposes of program evaluation. Data collection includes: first name, last name, date of birth, SSN (optional but preferred), service location and enrolment date of every person “enrolled” in the intervention (or waitlisted, if applicable), race and ethnicity, gender/gender identity, assessment scores (if any), and any treatment or service milestones and housing status.
- If applicable, clearly demonstrate partnerships with sub-grantees with MOU that outlines the referral process between organizations.

### 1.5. FUNDING OPPORTUNITY

If there are exceptions to these assurances, I/we have described them in full detail on a separate page attached to this document.
5. I/we understand that COMMERCE will not reimburse me/us for any costs incurred in the preparation of this proposal. All proposals become the property of COMMERCE, and I/we claim no proprietary right to the ideas, writings, items, or samples, unless so stated in this proposal.

7. I/we agree that submission of the attached proposal constitutes acceptance of the solicitation contents and the attached sample contract and general terms and conditions. If there are any exceptions to these terms, I/we have described those exceptions in detail on a page attached to this document.
8. No attempt has been made or will be made by the Proposer to induce any other person or firm to submit or not to submit a proposal for the purpose of restricting competition.
9. I/we grant COMMERCE the right to contact references and other, who may have pertinent information regarding the ability of the Consultant and the lead staff person to perform the services contemplated by this RFP.
10. If any staff member(s) who will perform work on this contract has retired from the State of Washington under the provisions of the 2008 Early Retirement Factors legislation, his/her name(s) is noted on a separately attached page.

We (circle one) are / are not submitting proposed Contract exceptions. (See Section 2.12, Contract and General Terms and Conditions.) If Contract exceptions are being submitted, I/we have attached them to this form.

COMMERCE shall pay to the Grantee the agreed upon price, if separately stated, for completed work and services accepted by COMMERCE, and the amount agreed upon by the Grantee and COMMERCE for (i) completed work and services for which no separate price is stated, (ii) partially completed work and services, (iii) other property or services that are accepted by COMMERCE, and (iv) the protection and preservation of property, unless the termination is for default, in which case the Authorized Representative shall determine the extent of the liability of COMMERCE. Failure to agree with such determination shall be a dispute within the meaning of the “Disputes” clause of this Grant. COMMERCE may withhold from any amounts due the Grantee such sum as the Authorized Representative determines to be necessary to protect COMMERCE against potential loss or liability.

The rights and remedies of COMMERCE provided in this section shall not be exclusive and are in addition to any other rights and remedies provided by law or under this contract.

After receipt of a notice of termination, and except as otherwise directed by the Authorized Representative, the Grantee shall:

1. Stop work under the Grant on the date, and to the extent specified, in the notice;
2. Place no further orders or subgrants/subcontracts for materials, services, or facilities except as may be necessary for completion of such portion of the work under the Grant that is not terminated;
